senator-windows.ie

When you think about it, your doors and windows are the only things that can be seen from inside as well as outside your home. At Senator Windows we have the ranges, the materials and the experience to give you window frames that look great from all sides and angles.

Senator's domestic aluminium windows and doors are suitable for both contemporary and traditional homes. While comparable to our PVC range, they offer advantages in certain settings. For example, aluminium's superior strength means slimmer, narrower frames and larger glass areas with uninterrupted views.

The Sensations range offers greater comfort, superior insulation, minimal maintenance and enhanced security – plus they're great looking. There's a large selection of colours to choose from and you can mix and match - one colour inside, another on the outside.

Talk to a Senator expert today to arrange a consultation. We'll evaluate your home and help you choose the ideal combination of styles, colours, fixtures and fittings. Then it's down to our craftsmen in Wexford to frame your masterpiece.

BI-FOLD DOOR

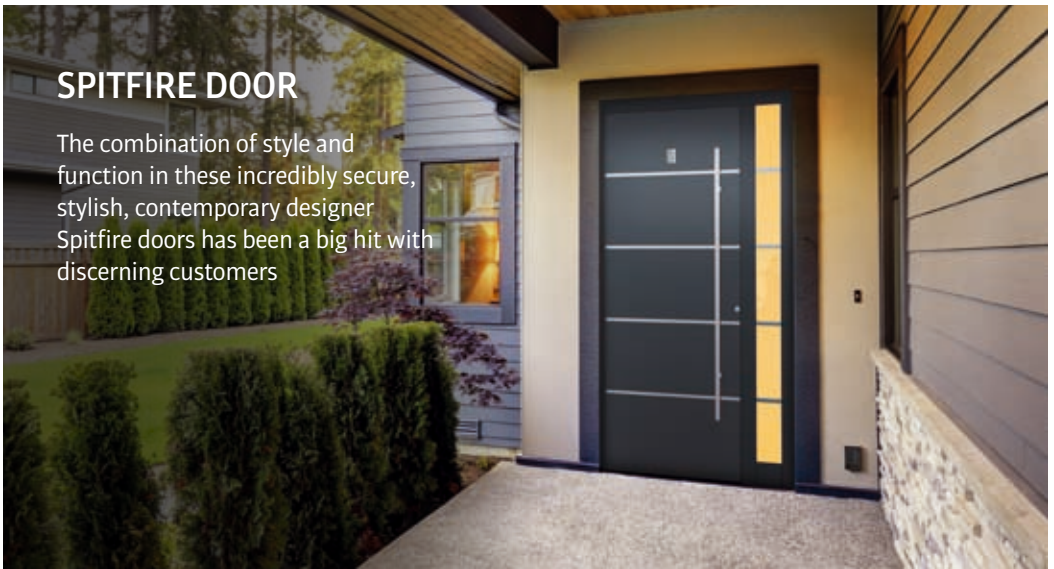

Closed, the Bi-Fold door completes your home, offering a striking glass façade with plenty of light. Folding back the sashes creates a stunning opening that draws in the ambience of your yard, garden or balcony.

LIFT AND SLIDE DOOR

A Sensations aluminium sliding door makes a real statement. Large areas of uninterrupted glass offer maximum light and optimum views, while the precision mechanisms ensure smooth, easy opening and closing.

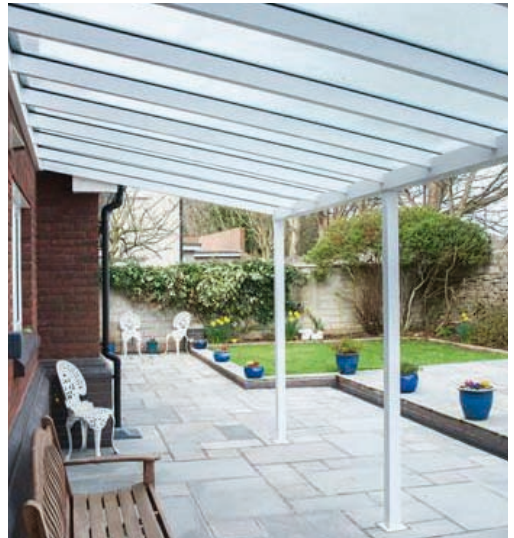

SPITFIRE DOOR

The combination of style and function in these incredibly secure, stylish, contemporary designer Spitfire doors has been a big hit with discerning customers

ALUMINIUM WINDOWS

Durable, versatile and strong, Sensations Aluminium windows offer everything you would expect from a high quality window system and a whole lot more – peace of mind and a sound investment in your property.

VERANDA

Senator's window, door and glazing options provide many ways of enhancing and extending your home. A veranda, for example, extends your home into a new outdoor room, protecting your patio, providing shelter and giving you more ways to enjoy your garden.
